How to Sanction Players in CompuSport:

- Log into your 2025-2026 Pool League Account
- In the 2nd column under the “Players | Teams”, locate the “Player Sanctions” feature 
- Once in this feature you can select WAMO for “Association” and then select each “Division” that is sanctioned for WAMO Pool. You can select multiple divisions at once or you can do them individually. 

Association **WAMO** Division **Alma Coed Pool** Season **2025-2026**
You sanction for **STANSFIELD VENDING INC (136)**

- Your list of players will then populate for that league/division
- Filter your viewable fields to see what is necessary for sanctioning
 - For example, this works well
- Next, check each individual player that has played more than 3 weeks of league play by:
 - Clicking the box across from their name and then hitting the blue save button in the top left corner of that screen.
 - Once that is clicked a blue check mark will appear indicating that they're sanctioned for WAMO, what date/time they were sanctioned and what team they were sanctioned with. 

Sanctioned for WAMO	Sanction date	Sanctioned (STANSFIELD VENDING INC)	Match Count	Sanction Team	Other operators	Division
	06/13/2025 2:21 PM		7	CREAM BAR BAKER		Alma Coed Pool

- Once you have checked all the players that should be sanctioned, they will then show in your CompuSport WAMO Pool Portal. The CompuSport WAMO Pool Portal allows you to view your Players and Sanctions and eventually register for the WAMO Pool Tournament.

All pool tables used in a league must be owned and operated by a WAMO member(s) that has a current pool charter. One of those operators must sponsor that league. A sponsor is responsible for collecting and sending in all location reports for every operator who has teams in their league(s). A copy of the league schedule(s) for every sanctioned league(s) that you have locations playing in must be sent in this report. There must be location reports matching all the teams listed on a schedule or sanctioning will be denied. If you own and operate all the pool tables in a league you may send in a copy of that league schedule and list the league on one of the location lines below. Schedules must be saved for 2 years.

LEAGUE DEFINITION: NO LESS THAN 6 TEAMS (2 or more players), PLAYING IN NO LESS THAN 3 LOCATIONS, FOR NO LESS THAN 10 WEEKS. IN HOUSE LEAGUES AND 1 PLAYER TEAMS DO NOT QUALIFY! NO MORE THAN 50% OF YOUR SANCTIONED TEAMS MAY GO TO THE TOURNAMENT.

Locations

I have read the requirements listed above and understand that signing this form means I own and operate the pool tables in each location. Any false information can lead to the suspension of my charter. Charter suspension will make all of my location's ineligible for the state tournament. I will also be ineligible for a charter next year.
